**FEBRUARY 12 , 2025, GARRISON, NY**— Garrison Art Center (GAC) is pleased to present *Every Picture Tells a Story*, an exhibition of paintings by Natalie Wargin. This is the artist's first solo exhibit at GAC and will run from April 12 - May 4, 2025. A public reception with the artist will take place on Saturday, April 12, 5 - 7 pm.

Natalie Wargin's paintings celebrate the passage of time and the extraordinary beauty of the Hudson Valley landscape. Her work unites themes of nature's cycles, the poignancy of daily life, well-being, and mortality. Her work weaves together nature's cycles, daily life, and the universal themes of well-being and mortality, creating imagery that captures fleeting moments and enduring human connections and experiences.

Wargin views her art as both visual and narrative, sharing personal stories with each piece on her blog or social media to deepen engagement with her audience. "It's a small thing, but it often sparks meaningful dialogue with my audience about my life and theirs," she reflects. She finds this storytelling approach to be integral to her creative process.

Her evolving perspective, shaped by time and change, envisions idealized landscapes and relationships, offering comfort and hope. "I paint beautiful vistas and relationships that express my desire to care for our memories and the world we're lucky to have," Wargin explains.
