LEONARD FREED: *Leonard Freed's New York* – An evocative installation by the acclaimed American photojournalist.

BE PART OF THE ART

In the spirit of community participation, guests are invited to contribute to an interactive installation within

PHOTOcentric 2025 by responding to the prompt: "The past ten years — better or worse?" Visitors can share their reflections on post-it notes—expressing thoughts, memories, or observations about events and ideas that have shaped the past decade.
