March 26, 2024, Garrison, NY - Garrison Art Center (GAC) is pleased to announce 'A Field Guide To Birds,' an exhibition of acrylic slabs by artist Debra Ramsay, and panels by Leslie Roberts. The exhibition will run from April 13 - May 5, 2024. There will be an opening reception on Saturday, April 13, from 5 - 7 pm.

The pieces in the exhibit by Debra Ramsay and Leslie Roberts constitute an unconventional taxonomy of birds. Both artists present highly optical, color-focused work made through processes driven by ornithological data. Roberts's panels hold written lists of bird families or species diagrammed into pattern-like formations. Each of Ramsay's reductive compositions on translucent slabs captures the essence of a single bird species. Considerable research is embedded in these artists' work, and for both, the viewer's visual experience is primary. Like the guides by Petersen and Audubon, these artists' works catalog ornithological nomenclature and record observations of birds' plumage and behavior. Ramsay and Roberts translate this data into direct sensory experiences that parallel their avian subjects.'

-more -

Alongside Debra Ramsay's artwork will be QR codes to lead viewers to 'All About Birds,' where they can listen to the sounds of the birds featured in Ramsay's work. This adds an extra layer of sensory experience to the viewing process, allowing the viewer to not only visually appreciate Ramsay's art but also immerse themselves in the auditory aspect by hearing the actual bird calls.

In addition to the exhibition, there will be an Artist Talk between Ramsay and Roberts at Garrison Art Center, May 5 from 3:30 - 4:30 pm. This event will be free and open to the public.

'A Field Guide To Birds' will be on view in the Balter Gallery, concurrent with 'Shift,' an exhibition of paintings by M Pettee Olsen in the Gillette Gallery. The Galleries at Garrison Art Center are open Tuesday – Sunday, 10 am - 5 pm, except for the exhibition's opening day - when the hours are 12 - 7 pm.
